Self-motivated, highly passionate, and hard working fresher looking for an opportunity to work in a challenging organization to utilize my skills and knowledge to contribute for the growth and Grow along with the organization.

Professional Experience

Developer - Intern ShiasH Info Solutions Pvt Ltd. | January 2024 - March 2024

As an intern developer in Java full stack at ShiasH Info Solutions Private Limited, I am responsible for contributing to the development of software applications using Java technologies. Working alongside a team of experienced developers and under the guidance of senior professionals, I actively participate in analyzing requirements, designing solutions, and implementing high-quality code.

In my role, I collaborate with cross-functional teams, including designers, product managers, and QA engineers, to ensure the delivery of robust, scalable, and user-friendly applications. I strive to follow industry best practices, adhere to coding standards, and employ efficient development methodologies to meet project deadlines and deliver outstanding results.

During my time at ShiasH Info Solutions, I continuously enhance my knowledge of front-end and back-end technologies such as HTML, CSS, JavaScript, Java, and various frameworks and libraries. I actively contribute to code reviews, perform debugging and testing to identify and resolve any software defects.

Education

Bachelor of Engineering in Computer Science Krishnasamy college of Engineering & Technology, Cuddalore
| August 2020 - Present | CGPA : 8.25

Higher Secondary in Computer Science Atchaya Mandir Higher Secondary School, Cuddalore
| June 2019 - April 2020 | Percentage : 65.5

Secondary School in Computer Science Atchaya Mandir Higher Secondary School, Cuddalore | June 2017 - April 2018 | Percentage : 75

Key Skills

- HTML • Cascading Style Sheets (CSS)
- JavaScript
- Python (Programming Language)
- Knowledge in Mobile Application Development
- Foundations of UI / UX Design
- Full Stack development with Java
- Cloud Computing Basics
- Basics of IBM Cognos Analytics & IBM Db2

Projects

MINI PROJECT-GEOFENCING | February 2023 - May 2023

A mobile app uses the Wi-Fi or cellular data to define a virtual geographical boundary and trigger a targeted marketing action when a device enters or exits that boundary. This boundary is known as a geofence which is used to find and track our location.

Project URL: <https://github.com/pavik0413/MyPortfolio/tree/main/Projects/Mini%20Project>

DISSECTING THE DIGITAL LANDSCAPE : A COMPREHENSIVE ANALYSIS OF SOCIAL MEDIA - DATA ANALYTICS | April 2023 - May 2023

IBM guided project about data analytics and Hands On training in IBM Cognos Analytics and IBM cloud.

Project URL: <https://github.com/naanmudhalvan-%20SI/PBL-NT-GP--4729-1680771816>

Webpage URL: <https://pavithrakcse.wixsite.com/social-media>

TRAVEL WEBSITE | October 2023 - November 2023

Travel Website which provides travelling and trips related informations. The Website is fully developed using HTML, CSS and JavaScript.

Project URL: <https://travel-website-gj1r.onrender.com/?#>
